

What's in your

SEWPP

You should know:

psitechnology, the newest member of the SEWP family of IT contractors, is an 8(a), Minority/Woman owned iForceSM Partner of Sun Microsystems. With 8 years of Sun dedicated experience, psitechnology is committed to providing computing hardware, visual technology, service, and maintenance to government customers. Our goal is to provide scalable solutions within the scope of the SEWP contract.

Sun Government-focused IT with all the right ingredients

If you're looking for the best solutions to your most complex problems, look to psitechnology. We understand the government buying process and the challenges you face when it comes to meeting contract goals. Our government-focused experience and knowledge position us perfectly to meet your needs. Combined with our contract portfolio and value-added services, our specialized SunTM technology team gives you the edge in defining and transforming your IT requirements into real-world, scalable solutions.
